

6th Annual SCTPC Convention

Our 6th Annual SCTPC Convention will continue in the same type of vein as the first 5 from which we have launched a platform to educate the American citizens as to what path the Future of this great nation is traveling in, a very troubled world.

We have been honored in the past, to have so many hard working Patriots, as speakers, that our audience has been uplifted, motivated, better educated and prepared inspired to carry on the difficult mandate of strengthening our Republic. This, together with our divinely inspired, Constitutional principles and values, has formed the basis of making this country the greatest nation on earth.

Our list of Alumni Speaker's, reads like a who's who of American Patriots and Conservatives who seek to preserve and strengthen our noble ideals and we see no need to alter this successful model.

Although we have finally elected a leader, in President Trump, who shares our values and is more than willing to implement them, he has been faced with a vicious, arrogant, deliberately misleading press that will distort the truth in order to distract the public and Congress in a deliberate attempt to block the agenda and goals he was elected to accomplish.

We did not vote to put the press in power and, in many cases, they have horribly abused their 1st Amendment rights and denied those same right to other citizens by forsaking journalism in favor of opinion disguised as such.

Our Jan. 20th-22nd, 2018 SCTPC Convention will have four major themes, all aimed at getting the truth out to the American People:

1. Review the accomplishments of President Trump's Contract with the American Voter. We will also hold accountable those responsible for its shortfalls.
2. The National Security of our nation including the deliberate leaks by the press and those in the political theater, who loyalty to this nation seems to have been superseded by their loyalty to their pocketbooks and self-interest!
3. Provide a forum where primary candidates for the US Senate will have a chance to state their views and policies, to our live audience of 1300 and world-wide live stream.
4. Provide a forum for outstanding candidates seeking statewide offices in the 2018 South Carolina primary.

Our venue has been changed to

Crown Reef Resort and Convention Center

2913 S OCEAN BOULEVARD, MYRTLE BEACH, SC 29577
